

Wednesday, February 19, 2020

9:00	Welcome — Moderator: Archie Wilson, Holmes Agro Joel Williams — A Look at Restorative Agriculture
9:30	Glyphosate: We Need to Use It Wisely Dr. Marc Lucotte
10:15	Break sponsored by Premier Equipment — 15 mins
10:30	Vibrant Soil, Food and Opportunity Kaytlyn Creutzberg
11:15	#1 Soil Health and Nutrient Availability — Joel Williams
	#2 Soil Health Enemies — Odette Menard
	#3 Degradation of Glyphosate Residuals in Soil — Dr Marc Lucotte
	#4 Carbon Wins in ReGen Systems — Michael Thompson
	#5 60" Corn — Think Outside the Row! — Sebastien Angers
	#6 Equipment Tailored to ReGen Needs — Mike Shuter
Noon	Lunch
1:00	Carbon in a Regenerative Farm System Michael Thompson
2:00	#1 Strip Till Tweaks — Brian Ryberg and Harry Biermans
	#2 Natural Air Grain Drying — James Dyck
	#3 Enhanced Nitrogen Fertilizers — Dr. Mario Tenuta
	#4 Control Traffic Farming — Sebastian Belliard & Team
	#5 Foliars for Nutrient Feeding & Plant Health — Nadjia Lafontaine
	#6 Integrating Grazing Into My Farm Operation — Dr. Peter Kotzeff
3:00	Break sponsored by A&L Laboratories — 30 mins
3:30	The Business Side of ReGen Panel w/ Odette Menard moderating Panelists: Ananda Fitzsimmons, Kaytlyn Creutzberg, Sara Harper
4:30	#1 Mycorrhizal Fungi Benefits — Joel Williams
	#2 Control Traffic Farming 101 — Sebastian Belliard and team
	#3 Connecting ReGen Farmers and Buyers — Sara Harper
	#4 Working Perennial Covers Into Rotations — Louis Perusse
	#5 Foliar Diagnostics Tests, Brix Readings — Nadjia LaFontaine
	#6 Setting Up On Farm Research Trials — Cameron Ogilvie
5:15	Break
6:30	Banquet & Innovative Farmer of the Year Award — Mike Belan
7:30—9:30	IFAO Networking — Open Bar — <i>sponsored by BDO Strathroy</i>

Thursday, February 20, 2020

7-8:30 am	Breakfast
7:30	IFAO Annual Meeting in Regency A
8:30	Using the 4Rs to Increase Yields Dr. Mario Tenuta
9:30	Strip Tilled 22" Corn, Soy and Sugar Beet: Reduced Input and Labour Costs— but NOT Yield Brian Ryberg
10:30	Break — 30 mins
11:00	#1 Carbon Wins in ReGen Systems — Michael Thompson
	#2 60" Corn — Think Outside the Row! — Sebastien Angers
	#3 Strip Till Tweaks — Brian Ryberg and Harry Biermans
	#4 Working Perennial Covers Into Rotations — Louis Perusse
	#5 Connecting ReGen Farmers and Buyers — Sara Harper
	#6 Equipment Tailored to ReGen Needs — Mike Shuter
Noon	Lunch
1:00	#1 Enhanced Nitrogen Fertilizers — Dr. Mario Tenuta
	#2 Soil Health Enemies — Odette Menard
	#3 Natural Air Grain Drying — James Dyck
	#4 Integrating Grazing Into My Farm Operation — Dr. Peter Kotzeff
	#5 Degradation of Glyphosate Residuals in Soil — Dr. Marc Lucotte
	#6 Compensation for ReGen Farmers — Ananda Fitzsimmons
2:00	The Regen Challenge Panel with Joel Williams moderating Panelists: Michael Thompson, Blake Vince, Dr. Peter Kotzeff
3:00	Wrap Up

Benefits of Regenerative Agriculture

- #1 Soil Nutrients Availability
- #2 Increased Crop Resilience
- #3 No Loss of Yield
- #4 Lower Input Costs / Increased Farm Profitability
- #5 Carbon Sequestration — Potential Farmer Compensation
